

XPO

NTDC ★ **24**
INDIANAPOLIS  AUGUST 21-24

Team XPO is off to great start at the National Truck Driving Championships in Indianapolis! Yesterday competitors got a first look at the skills course and completed their written exams, which are based on the American Trucking Association's Facts for Drivers handbook.

This morning, excitement is building around the skills course, putting drivers' abilities to the test for everyone to see. Pre-trip inspections are also on the agenda, testing competitors' skills in finding defects and safety hazards on pieces of equipment.

Drivers comb them for problems big and small, and can earn bonus points by discovering a major defect that wasn't intentionally put there.

The competition is fierce, but our team is up for the challenge!
